BREMER COUNTY GENEALOGICAL SOCIETY

https://iagenweb.org/bremer/

This is on one of the Iowa Gen Web pages for Bremer County – and gives you a contact person.
Bremer.iagenweb@gmail.com
Sara

I am pleased you stopped by to visit Bremer County's IAGenWeb Site. I hope your visit was enjoyable and you were able to find information to help you. I became the new coordinator of Bremer County in Fall 2012 and am still working on updating parts of the website.

If you have information you would like to have posted on our website, maybe you have a resource you are willing to do a look up in, or would like to transcribe records for Bremer county, please email me with the information about the records or material you have and I will make arrangements to get it posted to the website.

It is my hope that this website works well for mobile devices, as well as traditional monitors. Please let me know if you have any trouble viewing or navigating the site easily.

I look forward to hearing from you soon.

Sara
Bremer County Coordinator
