The library staff handles all the research. They will research their materials within the library only.
Research costs from the library depends on if research is mailed or email. They typically don't charge when info is emailed.
Her last contact for the Society was Judy Poppen 319-267-2255, from Allison. She may be able to answer society questions.
I left a voice mail for Judy on 11/2/2023 to get an update on the society.
